*H*ealing Hands was conceived in the hospital room, not the boardroom, when our founder suffered a heart attack in 1997.

We are a design house based in New York City's fashion district for over 40 years. Our designers provide you with the latest trends so you look and feel your best. Through our extensive research, we develop fabrics woven to provide ultimate comfort and long-lasting performance. Our natural, well-balanced fit is perfect for the active work environment - we know how hard you work and we've got you covered!
